

MyHealthRecord

Access to your health

To get signed up, please go to
www.hshsmhealthrecord.com

or scan this code
with your
mobile device,

and click on the button

Activate Account

You will need to enter personal information including your social security number, date of birth and the activation code given to you by your provider (This can be found on your After Visit Summary).

You can also go directly to the website to register or call the EpicCare Help Desk at

800-236-6366

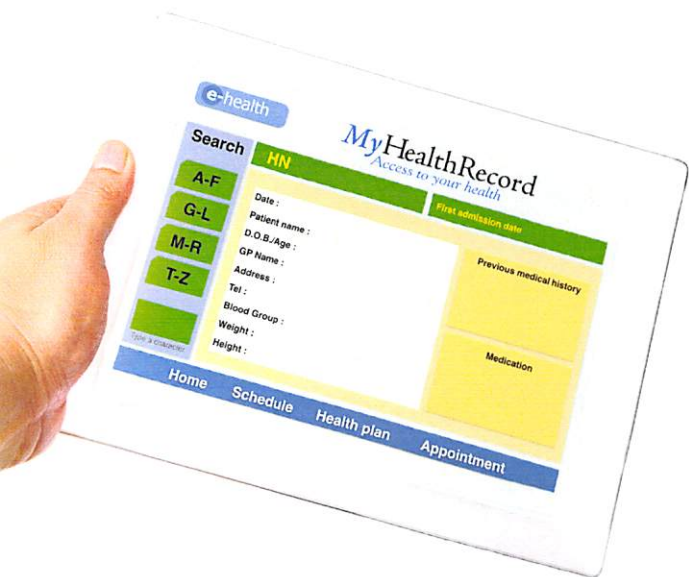

They will provide you with an activation code.

To complete your registration process, you will be required to enter your activation code and follow the instructions on the screen.

Your identification number and password will give you access to MyHealthRecord. Do not share this information with anyone.

If you feel your security has been compromised, you may request a new Identification number and password by calling the EpicCare Help Desk at 800-236-6366.
